

Wedding Tea Towels

A Treasured Gift For Everyone
That Shares Your Day

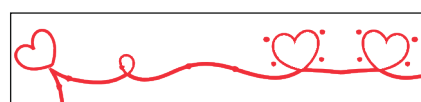

We create for you a special wedding tea towel inspired by the classic school tea towels many of us remember from primary school.

You can collect the pictures either when sending invitations or at the wedding and then they can either be ready to give to guests at the wedding or as wedding favours after.

How to instructions:

- Use the boxes provided (page 3 or 4) and give them to the guest
- Only use a Black Pen such as Sharpie Fine or similar - No Pencil Sketches
- Collect them together and either scan and email them or post them, along with the order form, which gives you a range of design ideas to choose from.
- We will lay out your design for you and email a design proof for you to check and approve.
- Once approved we will print and send them to you...it's that simple.
